	<b>Elf Yourself</b> Upload photos of your friends and family, select a dance theme and let the app create your personalised video just in time for the festive season.	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>

## **Did you know there are now two iPad minis available for Lecturers to borrow from the Durack Library?**

If you are on the Geraldton Campus you can borrow an iPad from the Library for up to one week.

The main purpose of this is to help lecturers to gain experience using an iPad for training and assessment purposes, including to investigate apps that you may be able to use with your learners.

The iPads have been pre-loaded with some of the apps listed in this document and there are tips for searching for other useful apps and instructions for downloading (free) apps from the AppStore.

There is a 'class set' of iPads housed in the Library that you can book out to use with your students. You can email IT Helpdesk and request any apps that you want to use in your delivery to be pre-loaded onto the student set of iPads.

- Please contact the Library staff to arrange borrowing the iPads.
- Contact IT to request apps to be loaded onto the student iPads.
- Contact the PL team for support using the iPads.

*If you are considering purchasing your own iPad for work purposes the Institute has a BYOD Policy (IS009P).*
